

International Federation of Biomedical Laboratory Science

December 31, 2025

Dear Suzana Harabajsa,

The IFBLS Board of Directors congratulate you on your successful application to the IFBLS Scientific Network of Experts.

Your expertise in the field of Clinical Cytology is acknowledged and your contribution to the work of IFBLS will be invaluable. It is a four-year term which will start on the 1st January 2026.

As part of the Scientific Network of Experts, you will be called upon to help with the various activities of the federation and these are outlined on the website and in the Terms of Reference which are attached.

We will be in touch early in the New Year to ask for your assistance in some of these activities.

Congratulations again and we look forward to working with you in the future.

Warm regards,

Robyn Wells
Chair, Scientific Committee
IFBLS
